The Superintending Engineer was asked to examine the case. His report is not quite favourable. He says he is doubtful whether his proposal would be of any permanent value. He proposes that a new building be erected to accommodate the Sub-Registry Office. He estimates his cost at his new cost building at Rs 15,000. But it will take at least two years for its completion and till then his proposal will have to be held in abeyance. I would therefore recommend that immediate acquisition of the Nagar Panchayat premises at cost Rs 20 or 25 thousand rupees be made in the alternative; but considering the Sub-Registry proposal for much permanent nature may be made at once in the temporary premises

It will cost another 5000 to adapt it to our requirements.

50) It must be noted that the building for Rs 15000 at Nawalapitiya, a combined cutcheery and Court building will cost much more. Besides it will take at least 2 or 3 years to complete. All these Courts will have to be held in the present building while the work is going on. There will be no room in the present Talaq cutcheery to hold the Courts. There is no doubt about it.

In continuation of this office letter No.B.6384 dated the 6th December 1919, I have the honour to inform you that the roof timbers used for Mr.Petrie Hay's building in Hunsur are reported to be of country wood. It is not worthwhile ----- purchasing the building as much expenditure may have to be incurred on repairs and renewals. Letter No.405 dated the 10th January 1920 from the Superintending Engineer, Western Circle, to the Chief Engineer of Mysore, Bangalore.

==========

In continuation of this office No.C.391 dated 12th November 1919 re: the condition of Mr.Petrie Hay's Bungalow at Hunsur, I have the honour to submit a copy of the report ---- received from the Sub Divisional Officer, Hunsur re: the state of the roof timbers. As most of the roof timbers are reported to be of country wood I do not think it advisable to buy this old building at such a heavy price as Rs.30,000/-. My experi--ence in the Madras Presidency of buying old buildings has ---- rather been sad and the Government had, in several cases, to spend large sums of money on subsequent repairs and renewals and it was considered that it would have been far cheaper to have constructed new buildings.

2. As the Taluk Cutcherry at Hunsur has to be rebuilt very shortly I would recommend that a combined office for the ----- Magistrate and the Taluk Office may be constructed and that -- Mr.Hay's building may be leased till then.

3. If, however, the Government wants to buy the building, I would recommend that they may offer from Rs.15 to 20 thousand for it. There is not much other demand for the building in that locality.

SIR,

Reminder destroyed

Referring to your letter No. G.18645 Cts. dated 14th February 1920 enquiring whether the building of Messrs Petrie Hay and Son at Hunsur has been rented for the location of the Special Magistrate's Court, I have the honour to state that the Deputy Commissioner, Mysore District, reports in his letter No. R.H.C.1401/18-19 Rev. dated 23rd February 1920 that the owners of the bungalow have refused to rent it out, and that they are prepared to sell it once for all. He has forwarded a copy of the letter from the Proprietor which is herewith sent for the information of Government. The Deputy Commissioner adds that the accommodation for the Court at Hunsur is insufficient and solicits early orders in the matter.

Sir,

Adverting to correspondence ending with this office No.B.8945 dated the 19th February 1920, regarding the construction of a combined building for the Taluk Office at Hunsur, I have the honour to inform you that the Chief Secretary in his Un-official No.7-19 dated 6th September 1919 called for the opinion of the Chief Engineer in connection with the proposal to purchase Mr.Petrie Hay's Bungalow at Hunsur for locating therein the office of the Special Magistrate. Mr.Petrie Hay then offered Rs30,000 for the building. The then Superintending Engineer (Mr.R.A.Sreenivasa Iyengar) after personal inspection of the building, reported that it was not desirable to purchase it at such a heavy cost as the timbers used for the roof are of country wood. Accordingly, a reply was sent to the Chief Secretary in this office No.B.7844 of the 20th January 1920, and the idea of purchasing the building was given up and a separate estimate called for for the construction of a new building for the Special Magistrate Court. This is awaited from the Superintending Engineer.

2. It is now reported that Mr.Petrie Hay is willing to part with the building for Rs15,000. The Superintending Engineer (Mr.Rice) now thinks it desirable to purchase the building and adopt it for a Taluk Cutcherry instead of constructing a new building. The

25

cost of repairing the building is estimated at Rs5,000. Under the above ~~circumstance~~ circumstances I request you will be so good as to let me know whether the proposal of the Superintending Engineer may be accepted.

Sir,

Your most obedient servant,
